

Caswell County – \$500,000

CDBG ER funds will be used to assist eighteen households with ten rehabilitations and eight emergency repairs.

Chatham County – \$500,000

CDBG ER funds will be used to rehabilitate nine units.

Edgecombe County – \$500,000

CDBG ER funds will be used for the clearance and reconstruction of four dwelling units.

Elizabeth City – \$950,000

The city will use CDBG funds for a portion of this \$1.8 million Pearl Street-North Road Infrastructure Project to replace pre-1920 water and sewer lines to increase water pressure and improve fire protection.

Gaston County – \$400,000

CDBG ER funds will be used to provide comprehensive rehabilitation to eight owner occupied homes.

Granville County – \$584,559.80

CDBG ER funds will be used for improvements and expansion of the Granville County Senior Center including replacement of the HVAC system, insulation improvements and elevator installation.

Jackson County – \$500,000

CDBG ER funds will be used to perform clearance and reconstruction on five housing units.

Town of Lawndale – \$527,800

CDBG ER funds will be used for the construction of sewer lines that will connect 28 housing units.

City of Lexington – \$645,480

CDBG ER funds will be used to complete Phase III of the Erlanger Park plan (community shelter construction and landscaping) and to develop Green Needles Park (demolition of two buildings to create a neighborhood center with a community shelter, playground equipment, benches, and fencing to enclose the area for safety and security). Both projects are located in predominantly low-to-moderate income areas.

City of Lumberton – \$500,000

CDBG ER funds will be used for the clearance of three severely dilapidated units, reconstruction of three units, rehabilitation of one unit and emergency repairs of fifteen units.

City of Marion – \$606,970

CDBG ER funds will be used for storm drainage control and sidewalk improvements in an area greatly affected by severe flooding, erosion and drainage issues.
